

ABOUT US

Phitomas is a leading digital transformation service provider specializing in mid-sized manufacturers and distributors across Southeast Asia. With over two decades of experience, we bridge the gap between technology and business needs, delivering tailored solutions that transform our clients into intelligent enterprises.

Through comprehensive digital transformation initiatives, we empower organizations to adapt to market disruptions, make data-driven decisions in real-time, and scale operations seamlessly. Our strategic focus ensures technology aligns with your business goals, driving operational efficiency and sustainable growth that delivers results that matter.

MISSION

Providing businesses with the knowledge and confidence to adopt the technology by making sense of the automation landscape and applying it to their businesses.

VISION

To be the preferred solutions provider (brand of choice) for organisations that are determined to accelerate overall productivity and efficiency through digital transformation.
